

ABCD Therapy Scholarship in Social Work

The ABCD Therapy Scholarship in Social Work is to provide one or more annual scholarship(s) to Master's of Social Work (MSW) students with lived refugee experience, defined as individuals who have been displaced from their home or who are unwilling to return home due to fear, war, natural disaster, persecution, or for other harmful reasons outside of their control.

It is the donor's preference to cover as much tuition as possible for a single student, but if the fund grows, the award may be split among multiple recipients at the School of Social Work's discretion. Scholarship awards should be open to both full-time and part-time students and available to cover tuition, including summer. If a master's student cannot be identified, funds may be used for an undergraduate social work major who fits all other qualifications. The 2024-2025 award is yet to be determined.

Newly admitted and currently enrolled MSW students are eligible to self nominate.

The application includes:

- A one page document that answers these 2 areas:
 - Statement confirming lived refugee experience.
 - Describing how the award would support the student's goals and aspirations for contribution to the field of social work.

An unofficial current transcript will be applied to the application by the School of Social Work administrative office.

Details regarding application deadline and award date are forthcoming.
